<html> <tr readability=„59“><td class=„left-wrapper“ readability=„16“> <div class=„c1“ readability=„18“> <p>ZK Framework is offered in 3 editions, CE, PE and EE. CE, the community edition is open and free under LGPL for your open source and proprietary projects. ZK PE and EE come with advanced features, better performance, and professional support to back you up in creating your professional and Enterprise applications. The Professional and Enterprise commercial packages are offered on a per developer basis with details outlined in the table below. To request a quotation or obtain more information on ZK licensing and pricing, please contact us.</p> </div>
